Lorena-

Let's talk Monday about setting a time for a meeting at 6th and Harbor and please circulate what you got back from the freelancers . I think we do need to visit a sign shop and maybe do right after the site visit. Are there any other board members besides Warren who have expressed interest in the sign? If so, let's invite them. I will ask my daughter, Lauren, to join us; she is a newly minted architect who has recently joined our company and had some interesting ideas about the sign.
Have a good weekend,
Alan

Subject: Selection of Designer for Gateway Signage

Alan,

I wanted to follow up with you on the gateway signage projects. I have gone through a few Freelancer contests, but I also have another idea. Do you still see a need to visit a sign shop?

Also, should we bring in a CD15 representative soon so we can see if they can assist with the permitting process?

Please give me your thoughts.
